Home Emergency Binder

Your household plan for the first 72 hours

Household: _____

Address: _____

Last checked: _____

How to use this binder

1. Fill it in on screen (the boxes are typing fields) or print it and write by hand.
2. Keep it with your passports and insurance papers, in a waterproof folder, where everyone at home can find it.
3. Aim to manage for 3 days on your own: water, food that needs no cooking, light, warmth, a radio, a charged power bank, cash and your medication.
4. Start with the free pages: contacts, medication, meeting points and documents. They take about 20 minutes.
5. Build the kit gradually. Use the free planner at kitwisestudio.github.io/ready72 for exact amounts for your household.
6. Check everything every 6 months (page "6-month check log"). Good dates: when the clocks change in spring and autumn.

Our household

Name	Age	Needs, allergies, mobility	Phone
